POS720 *Series*

15"/17" Metal POS Monitor for any harsh environment

POS 720 Series is an innovative Metal Touch Screen POS Monitor for harsh retail or hospitality environments. Its ultra slim front bezel, water and grease resistance, exquisite stainless steel enclosure, rugged construction and space-saving die-casting stand are indeed the best solution to any harsh environment. The POS720 series is also a powerful offering in Kitchen Video Systems (KVS) solutions. It is designed for larger chain stores, regional or local restaurant operators who appreciate the advantages of using a kitchen display rather than relying on kitchen printers. The POS720 Series can help operators reduce average quick serve times and increase table serve turns. All of this equals improved customer satisfaction-the best payoff.

Features

1. Rugged metal housing and NEMA 4 / IP 65 water & dust proof front display

2. 15", 17" wide range display sizes

3. Rich I/O ports provide excellent peripheral connectivity

4. Sealed rear cover and fan-less/no air-vent design for the harshest environment

5. VESA mounting or Die-casting stand

30mm

6. Ultra slim 30mm thickness stepping design
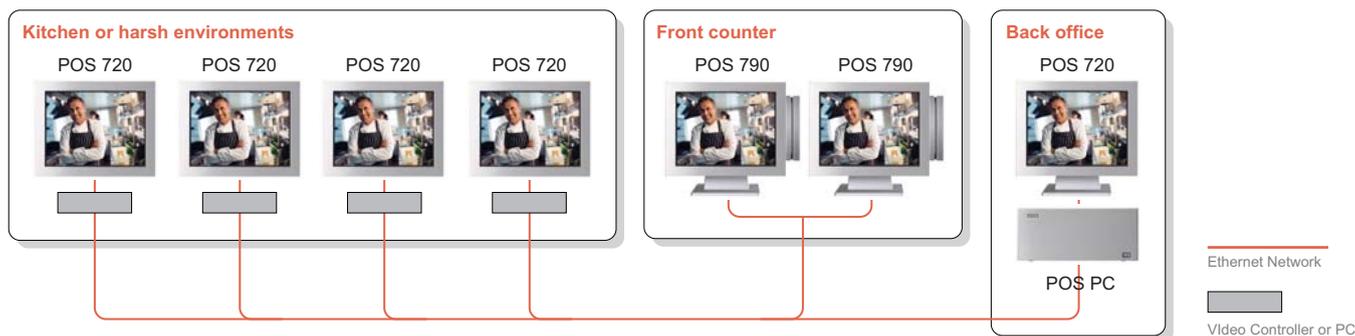

POS 720 Series

Specification
